Dear /Madam

**Re. Maid2Clean Afghanistan Master License**

Thank you for your interest in a Maid2Clean Master License for Afghanistan.

Maid2Clean is not a traditional cleaning Franchise. It is a unique management **agency** concept in the domestic cleaning services sector. Franchisees are paid by domestic cleaning clients for six services.

The Master Licensee will gain access to the proven Maid2Clean franchise program that they will adapt to their country. The master franchise owner will recruit and award franchises within the geographic areas designated in their master franchise license, to individuals looking to run their own local Maid2Clean cleaning agency in Afghanistan.

The Master License investment will be based on the size of the territory taken I.E. the number of potential Franchise licenses within the geographical Master Franchise area allocated. Fees will take the form of initial up-front payment and thereafter an ongoing royalty to be agreed between Maid2Clean and the Master Franchisor.

The Master Franchisor will need to bear the costs of localising the franchise package including the Operations Manual. The royalty from the Franchisee in Afghanistan to the Master Licensee is a fixed monthly fee from month 12. We may consider a Joint Venture (JV) in the right circumstances also.

The Master Franchisee will be allowed to open or resell as many franchises as desired within the master franchise area.

As a Master Franchisor you would be the licensee of the Afghanistan market and would be responsible for managing both your own Maid2Clean Cleaning Agency operation alongside selling Franchise licenses to prospect franchisees. These are two separate skill sets.

Maid2Clean is seeking a long term player with strong managerial and commercial acumen.

You will have the experience of running your own business and developing a network of franchisees. You will need the ability to localize the Maid2Clean UK franchise package to work within the Afghanistan market.

Maid2Clean is NOT seeking for single unit franchisees at this stage. If you believe you possess all the attributes needed to develop the Maid2Clean brand in Afghanistan, we would be interested in speaking to you.

The demand for the service is virtually recession-proof as more couples go out to work. These busy people are grateful recipients of the Maid2Clean agency service. The Maid2Clean business is already a proven concept since 1993, with high profit margins and increasing customer demand. Houses gather dust no matter how the economy performs and demand for the service and franchise licenses remains strong, even in recessionary times.

The domestic services cleaning sector has grown exponentially over the last 20 years as more and more couples go out to work to service the life styles they desire. There is no cleaning involved by franchisees or Master License holders – both are managerial positions. As a Master Licensee (Franchisor), you would be well positioned to harness the power of the brand and grow a substantial franchise operation in Afghanistan.

The Maid2Clean Master Franchise opportunity provides you with many advantages such as:

- Exclusive rights in your area as a franchisor, not just a Franchisee
- Satisfaction in knowing you are helping others grow their businesses as their residential cleaners provide a much needed service
- Low total investment compared to other Master License concepts
- Flexible working hours

To Maid2Clean, the ability to use business experience outweighs specific industry knowledge. That said Master Franchisor Applicants must possess certain attributes and if demonstrated, the Master License Package would grant you the exclusive development rights to operate the Maid2Clean Franchise system in your agreed region.

If the proposed territory above is too large then we would need to discuss whether the Northern Afghanistan states would be a consideration. In the meantime I am sure you will study the numbers.

In advance of meeting I would be grateful if you would answer the following questions as your answers will enable me to understand your capabilities, knowledge and sincerity regarding your interest in a Master License.
