

Maid2Clean Master Franchise Licences in Guatemala

What is a Master Franchise?

As a Master Franchisor you would be responsible for managing both your own Maid2Clean Cleaning operation alongside the marketing & selling of Maid2Clean Franchise licenses to prospect franchisees in Guatemala.

Master Franchising

Are you interested in a Master Franchise License of Maid2Clean in Guatemala?

Maid2Clean has operations in Malaysia, Ireland and Canada and is looking to further expand into the Mexican market.

Maid2Clean is a successful UK management franchise in the domestic cleaning market. With over 100 franchisees trading in the UK, Maid2Clean now provides work for some 9,000 cleaners in the UK British isles.

There is no cleaning involved by franchisees or Master License holders – both are managerial positions. As a Master licensee (franchisor), you would be well positioned to harness the power of the brand and grow a substantial franchise operation in Guatemala.

The demand for the service is virtually recession-proof as more couples go out to work and are in need of the Maid2Clean agency service. Proven since 1993, Maid2Clean is a high profit margin management business. Houses gather dust no matter how the economy performs. Demand for the service and franchise licenses remains strong, even in recessionary times. The domestic services cleaning sector has grown exponentially over the last 20 years as more and more couples go out to work to service the life styles they desire.

The master Franchisor will need to bear the costs of localizing the franchise package including the Operations Manual. The royalty is a fixed monthly fee.
